

# Toprail Planning Schedule

It's simple to design the right Toprail system for any given wall space. Just use this handy planning guide. Everything is worked out for you.

As standard, Toprail components come in module sizes of 600mm or 750mm width. These are usually fitted into our 30mm wide slotted uprights.

Overall Dimension	No. of 600mm components	No. of 750mm components	No. of slotted uprights 30mm
660mm	1	0	2
810mm	0	1	2
1290mm	2	0	3
1440mm	1	1	3
1590mm	0	2	3
1920mm	3	0	4
2070mm	2	1	4
2220mm	1	2	4
2370mm	0	3	4
2550mm	4	0	5
2700mm	3	1	5
2850mm	2	2	5
3000mm	1	3	5
3150mm	0	4	5
3180mm	5	0	6
3330mm	4	1	6
3480mm	3	2	6
3630mm	2	3	6
3780mm	1	4	6
3810mm	6	0	7
3930mm	0	5	6
3960mm	5	1	7
4110mm	4	2	7
4260mm	3	3	7
4410mm	2	4	7
4440mm	7	0	8
4560mm	1	5	7
4590mm	6	1	8
4710mm	0	6	7
4740mm	5	2	8
4890mm	4	3	8
5040mm	3	4	8
5070mm	8	0	9
5190mm	2	5	8
5220mm	7	1	9
5340mm	1	6	8
5370mm	6	2	9
5490mm	0	7	8
5520mm	5	3	9
5670mm	4	4	9
5700mm	9	0	10
5820mm	3	5	9
5850mm	8	1	10
5970mm	2	6	9
6000mm	7	2	10

The table below shows you how many components and uprights you will need to fit your wall space. These are our standard fittings usually available ex-stock. We also offer some shelves 350mm wide and can supply other sizes to special order. If you need further help or advice, please contact our sales Department.

Overall Dimension	No. of 600mm components	No. of 750mm components	No. of slotted uprights 30mm
6120mm	1	7	9
6150mm	6	3	10
6270mm	0	8	9
6300mm	5	4	10
6330mm	10	0	11
6450mm	4	5	10
6480mm	9	1	11
6600mm	3	6	10
6630mm	8	2	11
6750mm	2	7	10
6780mm	7	3	11
